TODAY!**

10/31 Consortium is a Baton Rouge based 501c3 nonprofit that is dedicated to the preservation of Halloween traditions and folklore. The organization believes that no child should have to leave his or her own neighborhood to go Trick or Treating. We believe that neighborhoods with strong Trick or Treat programs are also generally safer neighborhoods, be that in lighting, side walks, and/or crime, etc. We acknowledge the direct correlation between active neighborhoods and safe neighborhoods. That is why our goal is to work with neighborhoods to build safe Trick or Treat programs for their children. Additionally, the organization supports Our Lady of the Lake Children's Hospital, the Greater Baton Rouge Food Bank, and the Big Buddy Program.

Please help us in our efforts by donating an item today!
